

Hand Painted Mother's Day Mug

Instructions

1 Gather your supplies.

2 Use a pencil and lightly draw a picture on your mug as a guide. One idea is to draw a picture of you and mom or a special activity that you like to do together.

3 Paint your picture with ceramic paints provided in the kit and allow to dry. Give your mom your special handmade gift and she will think of you each time she uses her new mug! Save the second mug in the kit for Father's Day mug gift in June!
